BRIEF ABSTRACT OF LETTER.

Proposes certain alterations in the scales of Betel duty on timber as given in the Schedule appended to the Rules sanctioned by Govt. for the levy of the several taxes in the Anuradhapura City Municipality.

NOTES AND ORDERS.

T

In the representation of the Municipal Council the scales of taxes on vehicles and animals as given in the Schedule appended to the original Rules sanctioned by Govt 2 were recently revised. The present proposal is to reduce the scales of Betel on

on timber. The Authority for the so called old rates could not be traced. Besides, the rates of duty on timber as given in the said schedule do not differ from the rates given by the Annual Reports in the Appendices to the Annl: Reports of the 3 years 1906-07, 1907-08 & 1910-11 The Rules and the said schedule were effected by Govt only in Nov: 1911 That being the case, it is not clear why rates quite different from the prevailing ones were forwarded by the Annl: President in the Appendices to Annl: Reports. The Annl: Council's Resolution for the proposed change in rates have not also been submitted to Govt Secretariat Sept. 1912 with respect to vehicle tax may not perhaps be considered enough for the present case. In these circumstances, before calling for additional information Annl: Council's Resn is submitted

10 The rate of duty on Bil seeds may be reduced to 4 as a candy

11. The rates on timber are proposed to be modified for the following reasons.

(i) The old rates have been in force from 1901

(ii) The old rate are favourable to the Mal cl since the rate are the minimum for 25 Cft or less

(iii) The new rates are disadvantageous to the Mal cl

(iv) The new rates entail lot much calculation work on the Excise staff.

prescribed by law were not observed for altering the old rate.

12. The following remarks are submitted with reference to the points noted in the above paragraph.

(1). Timber is being taxed in the Myaung ly from about the year 1868-69 Prior to Nov 1879 the rate of Octroi duty was Re 1/ a cart load. In para 18 of the late Ch Comrs Proc No 3362 73 dtd 27-9-1879 the duty on timber was fixed as shown below

(a)	Teak & Blackwood	Rs 2	per cart-load.
(b)	Timber of other descriptions	1	

These rates seem to have been in force till 1893 1894 when a cart load was reckoned as containing 25 cft, and a duty of 8 as per cart load of 25 cft of an undescribable teakwood seems to have been imposed. In 1898 99 the rate of 8 as was

was extended to unserviceable blackwood. In the Annual Account form No 111 appended to the Administration Reports for the years 1899-1900 and upwards upto 1912-13, the rate proposed on unserviceable timber has not been shown. From the Annual Reports from 1893-94 to 1912-13 it would appear that only a number was being levied "for 25 cft" and not "for 25 cft or less". Even the "old original rate" said to have been in force from 1907 support the above view. The Conductor states that the information furnished in the Annual reports are incorrect but the Office has not been able to trace the order sanctioning the "old rate".

(iii) As regards the timber less than 25 cft are being proportionately taxed the old rate are not the minimum for "Unserviceables".

(iii) The new rates are to be introduced

x - upto 12½ cft Re 1/
above 12½ upto 15 cft Re 1-8-0
above 15½ upto 25 cft 2-0-0

to the rate payer.

(iv) This is fallacious. If a table showing the duty for different quantities is prepared in the Municipal Office and supplied to the Octroi Staff, the latter will hardly have to do much calculation work. The new rates now proposed do not dispense with the necessity for calculating for smaller quantities than 25 cft.

W (v) The rates sanctioned by Govt in Nov 1911 are favourable to the rate payer both as compared with the old ones. Thus there was no need for publication previous to sanctioning them

13 If the people in Mysore had been sufficiently educated to know their duties and privileges and to guard their interests there was no necessity for going behind the Notice published by the Mil Cl in June 1913.

14 In the Bangalore city municipality the duty on timber is levied at Rs 4, Rs 3 or Rs 1½ per ton of 50 cft.

With reference to correspondence ending with Government Order No.4410/Ml.168-12-4 dated 19th December 1912 revising the rates of taxes to be realised on animals, vehicles &c., in this Municipality, I have the honour to bring to your kind notice yet other items of Octroi which have been under similar circumstances, raised in the schedule sanctioned with the bye-laws of 28th November 1911.

2. While all the octroi rates sanctioned in the above bye-laws agree with the old rates, only the duty on oil-seeds has been raised from 4 to 8 annas per candy. Similarly the duty on timber has been altered in the revised list as noted hereunder -

Sir,

In reply to your No.6594/Rl.168-12-6 dated 27th February 1913 regarding alterations in certain rates of octroi duty, I have the honour to state that rates for timber given in Appendix X are evidently absolutely erroneous as they seem to have been entered without consulting the existing rates.

2. The rates referred to in my No.112 dated 5th February 1913, are actually in existence from 1901 and the octroi rates for timber are favourable to the Municipality since they are the minimum for 25 cubic feet and below. The revised rates do not provide for such a minimum and this besides creating too much work to the octroi staff in the way of calculating the amount for each cubic foot below 25 cubic feet is disadvantageous in the matter of revenue. This fact seems to have probably been foreseen while preparing the schedule of rates, for [illegible] under 'timber' in Schedule A prepared in the Secretariat and forwarded with camp No.135/A1 97-09 dated 19th June 1910 a remark is made as follows -

" Where it is not practicable to ascertain the cubical contents a ton of timber will be taken as measuring 50 cubic feet ".

3. A ton is ordinarily defined as two cart loads and hence the minimum rate now realised for 25 cubic feet and below stands to reason.

4. I submit herewith a copy of the Council resolution dated 28th April 1913 agreeing to the continuance of the existing octroi rates on timber and oil seeds as required in your letter and request that you will be so good as to obtain the sanction of Government to the revised list of Octroi rates herein enclosed for your kind perusal,,and orders.
